

ELECTRONIC SIGNATURE & CONSENT FORM

Last Modified: September 28, 2017

This website (www.tresmore.com) is provided by Tres International, LLC (the "Company," or "Tresmore"). Please review the following information carefully.

Understanding Electronic "Lingo" – "Electronic signatures" are sometimes hard to conceptualize. An "electronic signature" includes any mark, symbol, sound or process that is written, stamped, engraved, attached to or logically associated with an electronic document and executed by a person with the intent to sign. Just like you can legally "sign" a printed document by making your mark, whether that be your cursive signature in ink or an "X," you can "sign" an electronic document by making your mark, whether that be a high-tech encrypted or digital signature or just typing your name in the signature line or space on an e-mail or document on the computer – these are all electronic signatures.

Acceptance of the Agreement – This disclosure provides important information required by the Electronic Signatures in Global and National Commerce Act (E-SIGN Act). By selecting the "I Accept" button, you are signing this Agreement electronically. You agree your electronic signature is the legal equivalent of your manual signature on this Agreement. By selecting "I Accept" you consent to be legally bound by the Thanks Holdings' terms of use (the "Terms of Use"). You consent to conduct business electronically with Thanks Holdings and certify that the number/information entered within this account application is your correct Taxpayer Identification Number and that you are a U.S. person (including U.S. Resident Aliens).

Technical requirements – Please be sure that your Internet Browser is the latest version available so that you do not experience any technical issues when submitting your electronic signature. You must also have access to a printer and/or the ability to download information, in order to keep copies of the electronic agreements and disclosures for your records. You are responsible for installation, maintenance, and operation of your computer, browser and software. Thanks Holdings is not responsible for errors or failures from any malfunction of your computer, browser or software. Thanks Holdings is also not responsible for computer viruses or related problems associated with use of an online system.

Non-Acceptance – If you do not provide your electronic signature and consent to conduct business electronically, you will not be able to proceed with opening your account(s) online.

Communication – To receive correspondence regarding your Thanks Holdings account(s), please provide your e-mail address and update us promptly should your email address change.

Applicability – By agreeing, you are also providing Thanks Holdings with your electronic signature and consent to the electronic delivery of all disclosures, agreements, change notices, terms and conditions and any other document required during the course of your relationship with the Company.

Monthly Billing – Membership fees are collected each month with a credit or debit card maintained on file with Thanks Holdings. Affiliates may make adjustments to their monthly subscription in the back office of the Thanks Holdings website.

IRS W9 Information – The Tax ID number provided by you must match the name as shown on your income tax return to avoid backup withholding. For individuals, this is your social security number.
